Addendum A

Multijurisdictional High-Visibility Enforcement Protocols

Purpose

This protocol is intended to guide Target Zero Managers, Law Enforcement Liaisons, and law enforcement agencies in coordinating multijurisdictional high visibility enforcement (HVE) mobilizations to address impaired driving and seat belt use. These mobilizations are funded by federal highway safety grants.

Goal

The goal of multijurisdictional high-visibility campaigns is to reduce fatal and serious injury collisions through the coordination of:

- Publicity addressing increased enforcement, and
- Increased contacts and arrests of violators.

Method

Funding from the Washington Traffic Safety Commission (WTSC) will support multijurisdictional HVE patrol activities to increase the number of officers working on impaired driving, and occupant protection enforcement. Public education and media will be coordinated by the Target Zero Manager and Law Enforcement Liaison. The law enforcement activity will support the media effort by demonstrating to the public that the media messages are true; i.e., that “extra enforcement patrols (with a particular focus) are going on now” so that the public takes the media messages seriously.

The media work will support the police effort by encouraging voluntary compliance with the law. The objective of multijurisdictional HVE patrol activities is to change driver behavior by raising the awareness of tougher enforcement.

Definitions:

- HVE is enforcement of the law in conjunction with publicity that draws the attention of the public to the enforcement activity.

- Multijurisdictional enforcement is defined as a minimum of three law enforcement agencies (LEA's) or patrol units participating at a designated date and time, enforcing a specific activity, in a location determined by fatality and serious injury collision data.

Responsibilities

WTSC:

- Provide Funding.
- Coordinate paid media at the state level.
- Lead earned media efforts for:
 - Holiday DUI
 - Click It or Ticket
 - Drive Hammered Get Nailed.
- Summarize enforcement activity.
- Report results to the National Highway Traffic Safety Administration.

Target Zero Manager and Law Enforcement Liaison:

- Lead the development of Multijurisdictional High Visibility Enforcement Mobilization Plans.
- Coordinate mobilization briefings.
- Lead earned media efforts for:
 - St. Patrick's Day DUI
 - Summer DUI
- Lead earned media efforts (optional) for all other mobilizations.
- Review and approve all MOUs, invoices, and other documentation before submission to WTSC.

Law Enforcement Agencies:

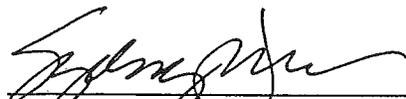

- Provide commissioned police officer(s) (active or paid reserve) with appropriate equipment (vehicle, radar, etc.) to participate in multijurisdictional HVE patrols.

- Ensure that officers assigned to the multijurisdictional HVE campaigns are qualified to enforce the impaired driving laws as outlined on page 2, section 3 of this document.
- Require all officers participating in multijurisdictional HVE patrols to attend mobilization briefings.
- Ensure officers conduct a minimum of three (3) self-initiated contacts per hour.

This is an enforcement activity that is intended to apprehend violators. It is expected that a Notice of Infraction/Citation (NOI/C) will be issued at contact unless circumstances dictate otherwise. It is understood that violator contacts may result in related, time-consuming activity. Such activity will be considered for reimbursement.

Activity other than that initiated through HVE patrol contact (investigating collisions, emergency responses, etc.) will be the responsibility of the contracting agency and may not be considered for reimbursement.

- Require officers to complete and submit multijurisdictional HVE patrol productivity on WTSC Emphasis Patrol Activity Log.
