

RESOLUTION NO. 481

A RESOLUTION OF THE WOODINVILLE CITY COUNCIL REGARDING THE PROPOSED 2016 KING COUNTY COUNTYWIDE PLANNING POLICY AMENDMENTS UNDER ORDINANCE 2016-0101.

WHEREAS, RCW 36.70A.110 requires counties to regularly update its Countywide Planning Policies, and King County is updating these policies and has forwarded proposed amendments to all cities within the County for ratification; and

WHEREAS, Woodinville continues to be classified as a Larger City within the proposed Amendments which unreasonably allocates excessive growth to Woodinville with little reasonable expectation that regional funding for necessary infrastructure will be provided; and

WHEREAS, cities that do not respond to such proposed Countywide Planning Amendments by June 24, 2016 shall be seen as being in concurrence with the proposed amendment identified as Motion 15-2; and

WHEREAS, the GMPC at its September 24, 2014 meeting heard presentations about the complex mixes of funding sources required to support each rent-restricted housing project; and

WHEREAS, during discussion of climate change at the GMPC's July 22, 2015 meeting, it was noted that providing affordable housing near employment centers or near high-capacity transit can make it easier for workers in low-income households to commute to work without driving a car and without adding greenhouse gases to the atmosphere; and

WHEREAS, currently the CPPs do not expressly encourage jurisdictions to consider the full range of tools available for producing affordable housing;

NOW, THEREFORE THE CITY COUNCIL OF THE CITY OF WOODINVILLE, WASHINGTON, HEREBY RESOLVES AS FOLLOWS:

Section 1. The City of Woodinville continues to object to its "Larger City" designation and requests reclassification to "Small City" which better reflects its status, vision, and profile. However, if the City of Woodinville is to remain designated as a "Larger City", the City requests that the infrastructure improvements, and specifically transit services, necessary to accommodate the resulting larger population associated with such designation be provided by the entity(s) making such designation.

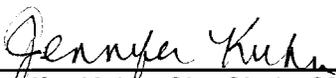

Section 2. The City of Woodinville supports Policy H-8 Tailor housing policies and strategies to local needs, conditions and opportunities, recognizing the unique strengths and challenges of different cities and sub-regions. Jurisdictions may consider a full range of programs, from optional to mandatory, that will assist in meeting the jurisdiction's share of the countywide need for affordable housing.

RESOLVED this 7th day of June 2016.

A MOTION amending the 2012 King County Countywide Planning Policies; addressing strategies for providing affordable housing.

WHEREAS, The Growth Management Planning Council (GMPC) developed policies for the Countywide Planning Policies (CPPs) that revised the method for defining housing need in the county and for allocating responsibility among jurisdictions to identify and address local housing needs; and

WHEREAS, recent, rapid growth in the county has exacerbated the shortage of affordable housing; and

WHEREAS the GMPC at its September 24, 2014 meeting heard presentations about the complex mixes of funding sources required to support each rent-restricted housing project; and

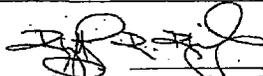

WHEREAS, during discussion of climate change at the GMPC's July 22, 2015 meeting, it was noted that providing affordable housing near employment centers or near high-capacity transit can make it easier for workers in low-income households to commute to work without driving a car and without adding greenhouse gases to the atmosphere; and

WHEREAS, a presentation to GMPC at its November 6, 2015 meeting highlighted various tools and programs local governments can use to increase the supply of housing affordable to very low, low and moderate-income households; and

WHEREAS, currently the CPPs do not expressly encourage jurisdictions to consider the full range of tools available for producing affordable housing;

NOW THEREFORE BE IT RESOLVED that the Growth Management Planning Council of King County hereby recommends that the 2012 King County Countywide Planning Policies be amended as follows:

H-8 Tailor housing policies and strategies to local needs, conditions and opportunities, recognizing the unique strengths and challenges of different cities and sub-regions. Jurisdictions may consider a full range of programs, from optional to mandatory, that will assist in meeting the jurisdiction's share of the countywide need for affordable housing.

The Honorable Joe McDermott

COURTHOUSE

Dear Councilmember McDermott:

This letter transmits an ordinance that will enable King County to amend the King County Countywide Planning Policies (CPPs) so that jurisdictions can consider more programs to address affordable housing, as recommended by the Growth Management Planning Council (GMPC.)

This ordinance transmits GMPC Motion 15-2 that was overwhelmingly approved by the GMPC on November 6, 2015. The ordinance adopts and ratifies the GMPC motion on behalf of unincorporated King County.

Motion 15-2 amends Policy H-8 to clarify that jurisdictions can consider a full range of programs, including both optional and mandatory, to assist them in meeting their share of the countywide need for affordable housing.

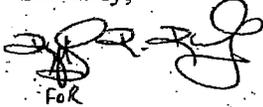

This ordinance integrates the goals of the King County Strategic Plan by recognizing the role of land use planning in shaping environmentally sustainable and economically viable future for all people in King County. The County's role in the GMPC fosters the ethic of working together for "One King County" by actively participating in regional organizations and defining King County's role in regional issues.

There are no fiscal impacts to King County government as a result of adoption of this ordinance.

| Agenda Item: | 7 | Name: | Christine Jensen |
| Proposed No.: | 2016-0101 | Date: | March 1, 2016 |

SUBJECT

A proposed ordinance adopting and ratifying Growth Management Planning Council Motion 15-2, which recommends amending Countywide Planning Policy H-8, regarding affordable housing in King County.

SUMMARY

Proposed Ordinance 2016-0101 would amend policy H-8 in the King County Countywide Planning Policies (CPPs) to more clearly state the existing range of programs, from optional to mandatory, available for jurisdictions to consider using to address affordable housing needs. There would be no new required actions for jurisdictions as a result of the proposed policy change, and jurisdictions would continue to choose which programs work for their local circumstances.

If adopted by the Council, the ordinance would ratify the change on behalf of the population of unincorporated King County and begin the CPP ratification process by the cities.

BACKGROUND

The GMPC is a formal body comprised of elected officials from King County, Seattle, Bellevue, other cities and towns in King County, and special purpose districts. The GMPC was created in 1992 by interlocal agreement¹ in response to a provision in the Washington State Growth Management Act (GMA) requiring cities and counties to work together to adopt CPPs.² Under the GMA, the CPPs serve as the framework for each local jurisdiction's comprehensive plan, which ensures countywide consistency with respect to land use planning efforts.

As provided for in the interlocal agreement, the GMPC developed and recommended the original CPPs, which were adopted by the King County Council³ and ratified by the cities in 1992. Subsequent amendments to the CPPs follow the same adoption

¹ Motion 8733

² RCW 36.70A.210

³ Ordinance 10450

process, which is now outlined in CPP G-1⁴ and includes: recommendation by the GMPC, adoption by the King County Council, and ratification by the cities. Amendments to the CPPs become effective when ratified by ordinance or resolution by at least 30 percent of the city and county governments representing at least 70 percent of the population of King County. A city shall be deemed to have ratified an amendment to the CPPs unless the city disapproves it by legislative action within 90 days of adoption by King County.

ANALYSIS

GMPC Motion 15-2

Proposed Ordinance 2016-0101 would adopt and ratify GMPC Motion 15-2, which recommends amending policy H-8 to more clearly state the existing range of programs available for jurisdictions to consider using to address affordable housing needs. The proposed change is as follows:

"H-8 Tailor housing policies and strategies to local needs, conditions and opportunities, recognizing the unique strengths and challenges of different cities and sub-regions. Jurisdictions may consider a full range of programs, from optional to mandatory, that will assist in meeting the jurisdiction's share of the countywide need for affordable housing."

A reference to "mandatory" affordable housing programs is proposed to be included in the policy, which is not specifically called out in the CPPs currently. However, this language is consistent with current range of resources available to jurisdictions, including: 1) the existing affordable housing requirements in the CPPs, and 2) the current PSRC affordable housing toolkit, which is referenced in the CPPs. Additionally, the proposed policy change includes the words "may consider," which does not require the use of mandatory programs. If the amended H-8 is adopted, jurisdictions would continue to choose which programs work for their local circumstances.

Jurisdiction's Share of Affordable Housing

The proposed language also includes a reference to a "jurisdiction's share" of the countywide need for affordable housing, which is consistent with other language currently in the CPPs, such as in policy H-18. It is worth noting that there are no specific jurisdictional affordable housing targets adopted in the CPPs at this time; there are only countywide targets, which were added to the CPPs in 2012.⁵

"H-1 Address the countywide need for housing affordable to households with moderate, low and very-low incomes, including those with special needs. The countywide need for housing by percentage of Area Median Income (AMI) is:

50-80% of AMI (moderate) 16% of total housing supply

30-50% of AMI (low) 12% of total housing supply

30% and below AMI (very-low) 12% of total housing supply."

⁴ 2012 King County Countywide Planning Policies, as amended:
<http://www.kingcounty.gov/property/permits/codes/growth/GMPC/CPPs.aspx>

⁵ Ordinance 17486

The intent of only having countywide targets was to acknowledge that different jurisdictions play different roles in meeting the overall countywide needs, such as that some jurisdictions may focus on needing to preserve existing affordable housing while others may need to focus on creating new affordable housing. There have been no proposals to change the countywide approach since its adoption.

GMPC action

On November 6, 2015, the GMPC adopted Motion 15-2, which is a non-binding recommendation to the County Council to adopt an amendment to policy H-8. Consistent with CPP adoption requirements, Proposed Ordinance 2016-0101 forwards this GMPC recommendation to the County Council for consideration and possible approval. If adopted by the Council, the ordinance would ratify the change on behalf of the population of unincorporated King County and begin the ratification process by the cities.

There is no deadline for Council action on the proposed CPP amendment.
