Subject: RE: Modi RUP: Response to Additional Information Request dated Oct 29th 2015
Attachments: Updated SITE PLAN (3).pdf

Hello Agnes, Jenny

Here is the status on few remaining information that you asked.

Planning:

- **Site Plan Update:** Updated site plan based on your comments attached! Please confirm if plan captures all your correction.

Critical Area:

- **Updating western boundary delineation:** I have shortlisted few wetland scientist and talking to them to complete the work. I have scoped the work as "The consultant will delineate the western wetland boundary and prepare a sketch and cover letter for submittal to the City of Woodinville". Please let me know if this is what you need.

Public Work:

- **Geotech report:** An active email is going on with geotech engineer. There seems to be some confusion around scope of work. Per Agnes last comment, I have asked Geotech to update the report to reflect the revised proposal of one single family home. Is there anything else required here for RUP?

Please also let me know if you have any question/comments to the documents I sent you on Nov 2nd covering SEPA checklist and responses to all the comments.

Thanks,
-Prakash

Hello Agnes, Jenny

Attached are the additional information that you have requested. Please take a moment to review and let me know if this meets your need. For few of the ask, we have active email discussion going on and I will sent it your way as soon as possible.

Planning:

- **Site Plan Update:** Shawn from Stanbrooke is working on this update and will have the updated siteplan by mid week
- **SEPA:** I have updated the SEPA checklist. See attached

Critical Area:

- **Updating western boundary delineation:** I have an active email thread with you and will like City to address it amicably as it is not reasonable to ask me again to do the same work knowing fully that City chose to accept Otak's report instead of ACERA report.

Public Work:

- **Geotech report:** An active email is going on with geotech engineer to update revised plan (one single family home Vs multiple homes) and I hope it should be done in next couple of days.

Agency Comment:

- **Muckleshoot Indian Tribe comment:** Please see the attached response letter

Public Comments:

- **Richard Reed email:** I have attached the response letter
- **Bill Lider :** Please see the attached response letter
- **Anna and Chet Moritz:** Please see the attached response letter

Thanks in advance for all the help!. Please acknowledge this email as soon as you receive it.

Regards,
-Prakash
