Hi Richard,

We will include you as a party of record. We will send notices to you throughout the duration of the permitting process. Notices will continue to be sent to your address, however we can include an email with attachments as well if you prefer.

The Notice of Application you received is the complete copy. We recently changed our formatting and forgot to omit that language. I have attached that and a larger version of the site plan for you. We are accepting comments throughout the process, with the initial public comment period ending on December 9th. Please let me know if you have any questions or comments you would like to provide.

Best,
Jenny
