**Subject: Response to William Lider comments regarding Modi Reasonable Use Permit**

This letter is a response to Mr. William Lider's comments dated Oct 16<sup>th</sup> 2015 on the revised notice of application for a RUP to build one single family home.

Mr. William commented that I have requested a "reasonable use permit" under City's municipal code under Chapter 21.24 and hence reasonable use permit is not applicable.

I will like to clarify that Mr. William's reference to code WMC 21.40.060 is not applicable for "reasonable use permit request that I have submitted to City. Criteria for approval of "reasonable use permit" can be found under WMC 21.24.080(2). I have already submitted a letter stating how my revised request for RUP to build a single family home meets the City of Woodinville WMC 21.24.080(2) requirement.

I will also add that Jenny Ngo too has responded to Mr. William Lider clarifying how WMC 21.24.080(2) is applicable for the RUP Vs WMC 21.40.060 which is more for exemptions regarding emergencies and is not applicable for RUP as assumed by Mr. William

Please let me know if I can provide any additional clarification here.

Thanks and Regards,
