

Document for city of Woodinville.

Description of Spinderella Studios LLC.

WE are are fitness based facility. The public cannot just walk into our facility and take a class. They will have to have done their research as to the level of fitness they are, looked at our limited schedule, signed up registered into our system as a client.

We don't schedule more than 8 clients because of the number of poles. Our facility does not require any extra trucks, delivery, merchandise, drop off, pick up, storing, equipment, or outside set up of ANY kind. We are like any other gym, we are a fitness based facility. We teach, coach, guide and instruct a group of women only classes. At best, I would say that we are growing a confident community of women who, in the long run become better wives, moms, sisters and friends.

Our classes are divided into levels that start at 101, I am certified in this sport up to level 5. Classes are about 75min long. They burn between 300-500 calories in a typical workout.

We run thru a warm up, then train, conditioning follows, lesson plan and then cool down.

This a fast growing sport, we are happy to be a part of the Woodinville community and look forward to many years of pole fitness sport.

We are not a school.

ESTIMATED

▣ MAX - OCCUPANCY AT ONE GIVEN

Time 40 people, ONCE EVERY THREE-FOUR MONTHS

▣ ON AVERAGE DAILY

MAX 16

ESTIMATED
▣ DAILY STUDENT ACTIVITY

EARLY MORNING 9-11 AM
Monday - Fri

LATE EVENING 5-9 PM
