Public Fireworks Displays. All public fireworks displays shall conform to the following minimum standards and conditions:

- A. All public fireworks displays must be planned, organized, and discharged by a State licensed pyrotechnician.

- B. The permit shall include the name of the applicant and his address; the name of the pyrotechnician and address; the exact location, date and time of the proposed display; the number, type and class of fireworks to be displayed; the manner in which the fireworks are being stored prior to the public fireworks display.
- C. The applicant for a public display of fireworks permit shall include with the application, evidence of a bond issued by an authorized surety or a certificate of public liability insurance. Such bond or certificate shall conform to the requirements set forth in RCW 70.77.285 and RCW 70.77.355, as now exist or as may hereafter be amended.
- D. A drawing shall be submitted with the application showing a plan view of the fireworks discharge site and the surrounding area within a fire-hundred foot radius. The drawing shall include all structures, fences, barricades, streets, fields, streams, and any other significant factors that may be subjected to ignition or that may inhibit firefighting capabilities.
- E. When, in the discretion of the Building Official, such requirement is necessary to preserve the public health, safety and welfare, the permit may require that specified equipment and personnel shall be on site prior to and after the conclusion of the display.
The applicant will pay all compensation for personnel and apparatus.
- F. All combustible debris and trash shall be removed by the applicant from the area of discharge for a distance of three hundred feet in all directions.
- G. Applicant shall dispose of all unfired or “dud” fireworks in a safe manner.
- H. Applicant shall provide the fireworks discharge site a minimum of two 2A-rated pressurized water fire extinguishers and one fire blanket.
- I. The permit may be immediately revoked at any time deemed necessary by the Building Official or his/her designee due to any noncompliance, weather conditions such as extremely low humidity or wind factor. The display may also be canceled by accidental ignition of combustible or flammable material in the vicinity due to fall debris from display.
- J. Areas of public access shall be determined by the Building Official or his/her designee and maintained by the applicant in an approved manner.
